GAS

Chilton Co., Publishers,
198 S. Alvarado St., Los Angeles, Calif. 90057

INDEX TO VOLUME 40

January-December 1964

AUTHORS

Aiken, Randall J.—New pipeline opens Arkoma basin ..... Sept. 80
Allyne, Arthur and J. A. Stewart—Constructing and operating gas systems in the Far North... Sept. 66
Anderson, Donald E.—New compressor station is all automatic, remote-controlled ..... May 84
Carlson, Howard R.—Hartford's customer opinion trend survey ..... June 58
Chapin, Robert W.—Estimating the economics of on-site generation ..... July 106
Chrisman, J. W.—New meter shop serves 3-state area ..... June 68
Coffey, C. D. and R. D. Solomon — A new approach to positive temperature control of gas water heaters ..... Nov. 74
Dannenberg, Robert C.—Multi-purpose refrigeration plant serves modern bakery ..... July 101
Daudet, Howard C.—Gas turbine energy system powers the Gas Pavilion ..... May 113
Davis, Robert W.—Closing the measurement gap, No. 10: From the pitfalls of manual calculations to the sophisticated computer. ..... May 88
Delaney, Robert V.—Brooklyn succeeds in teaming up men, machines and 'station plan' ..... July 68
Dippon, G. K. and J. A. Pelletier—Designing distribution systems by computer ..... Sept. 51
Dippon, Glenn—Underground storage on the line.. May 78
Drum, James R.—Operating engine compressors in the Far North ..... Nov. 96
Eaton, D.—Solving high flame operation of gas lights ..... Nov. 126
Ebdon, J. Fred — AGA Operating Section task groups use administrative dynamics to develop patterns for future progress ..... Feb. 74
Ebdon, J. Fred—From shotguns to Beethoven with Guy Wadsworth, Jr. ..... Oct. 74
Ebdon, J. Fred—Modular total energy systems in operation ..... Jan. 107
Eklund, Bob—Gas energy helps make carpets.. Dec. GES 3
Eklund, Robert—Plastics pipe proven in the gas patch ..... March 82
Eklund, Robert—Plastics pipe '64 ..... March 69
Eklund, Bob—Young ideas in South Jersey ..... Nov. 90
Evans, Howard J.—Trends in metering and regulation ..... Jan. 78
Everett, W. S.—Infra-sonic effect of liquid separation in gas pulsation dampeners ..... June 72
Garratt, William A.—Determining hydrogen sulfide and total sulfur content. ..... Jan. 74
Glessner, J. W. and S. T. Robinson—Total turbine energy in refrigeration cycles ..... April 111
Hagius, Karl S.—You can't coat pipelines in a classroom ..... Feb. 98
Hammon, Stratton—Litigious gas explosions .... June 84
Hays, Robert—All-plastics town saves estimated 17% ..... March 92
Hays, Robert—Almost-total-energy package used in Atlanta apartment ..... Aug. 107
Hays, Robert—Ammonia products plant will use 50 million therms a year ..... May 69
Hodge, Robert E.—Applying thermoelectric generation to cathodic protection ..... Oct. 108
Joyce, B. C.—Simplified approach to digital telemetering ..... Aug. 86
Kelsey, Martin C. — Locating leaks with leak-search records ..... May 94
Kemp, L. J. — Closing the measurement gap: Part 7: Data reduction ..... Jan. 53
Krammes, W. H.—The big sea battle ..... Feb. 96
Lemley, P. S.—From here, where! ..... March 118
Light, John—CIG's measurement lab serves company and associates ..... July 89
Lipe, John V.—How does flexible submarine pipe work for the gas industry? ..... June 53
Loker, Jon O. — Storage measurement station design ..... Jan. 43
Long, F. Vinton — Looking inside reciprocating engines in service ..... March 109
Long, F. Vinton — Something new in watching turbine blades from the inside ..... April 62
Long, George M. — Utilizing gas engine total energy ..... GES Nov. 3, GES Dec. 6
Look, Edward H.—The plastics pipe industry reports to the gas industry ..... July 79
McCullough, G. W.—Sharing the responsibilities of gas measurement ..... Nov. 83
McDaniel, T. Z.—Designing sales measuring and regulating stations ..... July 72, Aug. 76
Meschino, Ron—New energy systems for building services ..... Jan. 112, Feb. 107, March 127, April 118
Moore, W. M.—Closing the measurement gap, No. 8: Electronic scanning and averaging ..... March 113
Nesbitt, E. T.—Total energy in Vancouver ..... Aug. 103
Orlofsky, S.—Blueprint for the future for gas-fired total energy systems ..... June 106
Pelletier, J. A. and G. K. Dippon—Designing distribution systems by computer ..... Sept. 51
Person, P. T. — Closing the measurement gap, Part 9: Steps toward development of a chart reader ..... April 70
Petrash, Paul E.—How Btu control improves peak shaving with propane-air gas ..... Oct. 156
Petsinger, R. E.—Liquid methane's metal: 9% nickel steel ..... Oct. 65
Pierce, Jack W.—Maintenance—The key to an effective cathodic protection program ..... March 95
Price, D. Dana — The anatomy of gas turbines Sept. GES 8, Oct. GES 10
Price, David P. and Robert Schwede—Thermoelectric generator protects remote Montana pipeline. July 83
Regeimbal, Neil — The Johnson Administration and the gas industry ..... Jan. 41
Richards, J. S.—Natural gas comes to southern Oregon ..... Oct. 97
Rike, Zeb — An architect's viewpoint on total energy ..... June 103
Robinson, S. T. and J. W. Glessner—Total turbine energy in refrigeration cycles ..... April 111
Roegiers, J. V.—The Fuelling method of bell-joint sealing ..... July 59
Rosenthal, Richard L.—Fundamental considerations for utility managements and regulators... Jan. 66
Schloemer, A. B.—Evaluation of helicopter service in distribution company operations ..... June 79
Schwede, Robert and David P. Price—Thermoelectric generator protects remote Montana pipeline. July 83
Shaughnessy, F. C.—Renewing services ..... Oct. 82
Simon, B. S. and J. B. Vraspir—Automation of a gas compressor station ..... Feb. 90
Skinner, J. F.—Custom-made for West Virginia.. Sept. 76
Solomon, R. D. and C. D. Coffey — A new approach to positive temperature control of gas water heaters ..... Nov. 74
Sonstegaard, M. H.—Ton-mile estimates for the natural gas pipeline industry ..... June 87
Stahlheber, W. H.—Application of brazed aluminum in natural gas processing ..... Dec. 62
Sterrett, Elton—'Do-all' power system for shopping center ..... Feb. 114
Sterrett, Elton—Gas power in the desert..... Oct. GES 3
Stewart, J. A. and Arthur Allyne—Constructing and operating gas systems in the Far North .. Sept. 66
Stoll, Linus—Plastics pipe—portal-to-portal ... March 76

White, M. E.—Market potential of prime movers for air compressors ..... Sept. GES 14
Zajac, E. C.—Dividends from EDP ..... April 51

DISTRIBUTION

All-plastics town saves estimated 17%—by Robert Hays ..... March 92
Arkansas Louisiana hires an electronic wizard ... Feb. 62
Automated peak-shaving plant serves fast-growing Massachusetts area—by N. F. Stultz ..... July 55
Automatic remote reading of residential meters —A report ..... Dec. 50
CO_2 welding pays off in Milwaukee ..... Nov. 125
Designing distribution systems by computer—by G. K. Dippon and J. A. Pelletier ..... Sept. 51
Evaluation of helicopter service in distribution company operations—by A. B. Schloemer ..... June 79
Foreman's innovations save time, money — by Henry F. Unger ..... March 88
Fuelling method of bell-joint sealing, The—by J. V. Roegiers ..... July 59
How Btu control improves peak shaving with propane-air gas—by Paul E. Petrash ..... Oct. 156
How does flexible submarine pipe work for the gas industry?—by John V. Lipe ..... June 53
How Honolulu Gas Co. updated washbox operations—by George B. Tuggle ..... Nov. 86
How UGI optimizes its natural gas contract demand ..... Dec. 71
Locating leaks with leak-search records—by Martin C. Kelsey ..... May 94
Maintenance—The key to an effective cathodic protection program—by Jack W. Pierce ..... March 95
Natural gas comes to southern Oregon—by J. S. Richards ..... Oct. 97
New meter shop serves 3-state area—by J. W. Chrisman ..... June 68
New mobile units aid downtown gas leakage surveys ..... June 66
Northern Illinois adopts new equipment ..... Jan. 64
Pipe storage in Calgary ..... April 79
Plastics pipe '64—by Robert Eklund ..... March 69
Plastics pipe—portal-to-portal—by Linus Stoll.. March 76
Propane plants for remote markets—by J. Arthur Thompson ..... Feb. 66
Radio network links Canada's Union Gas Co. system ..... Nov. 68
Recording instruments prove out for Cascade ... Sept. 62
Renewing services—by F. C. Shaughnessy ..... Oct. 82
Trends in metering and regulation—by Howard J. Evans ..... Jan. 78
Underground storage on the line — by Glenn Dippon ..... May 78
When the earthquake struck — by Willard J. Stump ..... Aug. 70
Worcester employees and contractors play it safe —by John L. Turnan ..... Feb. 68

EDITORIAL COMMENT

Communications, by F. Vinton Long

An invention conceived but not born is of no value to anyone ..... Dec. 79
Communications managers and their role in management ..... June 94
Human bondage and trade secrets ..... Sept. 93
International Telemetering Conference ..... Jan. 95
Let's go after that space technology ..... Feb. 103
Microwave set and thermoelectricity linked for first time ..... July 97
NTC holds 1st industrial telemetering session ... July 97
National Telemetering Conference Set for April 13-15 in Houston ..... Oct. 121
Pulsed microwave telemetry transmission for industrial use ..... May 109
Random thoughts on current times ..... Aug. 93
Show me one ad requesting an inventor ..... Nov. 103
Where are our Edisons? ..... March 123, April 83

Corrosion Prevention, by Marshall E. Parker

Averages ..... July 17
Become an addict ..... Dec. 17
Coke breeze backfill ..... Feb. 19
How big a knife? ..... April 17
Look over the fence! ..... Jan. 21
More on coating damage ..... June 17
Posts, poles and problems ..... Sept. 17
Scrape the bottom ..... March 17
Value engineering ..... Aug. 17
Wanted: red and green dots ..... May 21
What is cathodic protection? ..... Nov. 21
You can't standardize trouble! ..... Oct. 23

Measurement—Instrumentation—Control

Ammetrics ..... Nov. 101
Anguish of metric metabolism, The ..... Oct. 119
Charts for instrumentation ..... Jan. 93
Inks—for instrumentation ..... Feb. 101, March 121
Instrument pens ..... April 81, May 107
International language, The ..... Sept. 91
Metrological meditations ..... July 95
Monarch to remember, A ..... June 91
Regulators, restrictors and rubber ..... Dec. 77
Report on the 4th Meeting of the Sub-Committee on Units of the International Gas Union, Paris, April 1964 ..... Aug. 89

Regulatory Trends

Anti-trust rears ..... June 11
Bonds for sale ..... May 11
FPC's fiscal fight ..... July 11
First area gas prices established ..... Nov. 11
Giant gas rate settlement ..... Feb. 11
Good-bye Seaboard cost allocation formula ..... Sept. 11
Indefinite price changing contracts fall ..... Aug. 11
Population based apportionment ..... Oct. 11
Protect interstate commerce ..... Jan. 11
Reasonable use of pipeline easement ..... April 11
Utilities must move facilities and pay ..... March 11
Western ratemaking ..... Dec. 11

Technical Trends, by Guy Corfield

Ablation ..... May 15
Ammonia from natural gas ..... July 15
Can the weather be changed? ..... April 15
Control or suppression of noise ..... Sept. 15
Cryogenic structural materials ..... June 15
Dry-tape battery ..... Aug. 15
Exotic fuels ..... Aug. 15
Explosive bonding ..... Jan. 15
Five miles deep ..... June 15
Floating island ..... Feb. 15
Fluorine—the most reactive element ..... March 15
Freons ..... Nov. 15
Gas and oil search moves offshore ..... Oct. 15
Helium conservation ..... July 15
Industrial use of government R&D ..... March 15
Light water for fire control ..... Dec. 15

Magnetothermoelectricity ..... Nov. 15
National referral center for sciences ..... Dec. 15
Need for public science education ..... Feb. 15
Oil shale and shale oil ..... July 15
Solar energy ..... Jan. 15
Standards for cooking utensils ..... Feb. 15
Static electricity—an industrial hazard ..... May 15
Synthetic rubber steals the show ..... Sept. 15
Unusual wells ..... June 15
What is happening to glass ..... April 15
World's most powerful superconducting magnet .. Oct. 15

Thermally Thinking, by J. Fred Ebdon

"Color me unconvinced" ..... May 6
How to be an ostrich ..... Nov. 6
Humanity and fast breeders ..... Dec. 6
Ivory, apes, sweet white wine and energy ..... Sept. 6
Missing plank, The ..... Aug. 6
Needed: A chat with your measurement man ..... Jan. 6
Ode to a sleeping Congress ..... June 6
Obese inch project, The ..... Feb. 6
People-type problems ..... March 6
Ramblings re. Gulf Pacific ..... Oct. 6
Shall mountains rise up from valleys? ..... July 6
Technical-sales era, plus Momsville! ..... April 6

Washington, by Neil Regeimbal

A different man in the White House ..... Dec. 19
Bare-knuckled campaign fight get under way ... Sept. 19
Battle for California continues in and out of FPC ..... Aug. 129
Coal, electricity unite to fight gas heat ..... March 155
Central government power revolt may be near ... July 19
Depth of FPC trouble ..... July 139
FPC beset by uncertainties ..... Oct. 152
FPC evaluating policies ..... Feb. 17
FPC probe building up ..... April 20
Fight for southern California launched ..... Jan. 16
Fights loom for Administration, industry ..... April 106
Future under Wenner's area rate decision, The .. Nov. 23
Interior and FPC ..... Feb. 17
Johnson keeps 'em jumping ..... March 19
Not-so-subtle hand seen in drive for deregulation legislation ..... June 20
Political spoils system ..... Sept. 129
Producers' demands reinforced by Court rulings. June 127
Swidler under attack ..... May 23
What lies ahead for FPC's Swidler? ..... Oct. 16
What's behind the failure to reappoint Ross? .... Aug. 19

GAS ENERGY SYSTEMS

Air conditioning leasing plan pays off for City Gas of Florida ..... Nov. GES 7
Almost-total-energy used in Atlanta apartment —by Robert Hays ..... Aug. 107
Anatomy of gas turbines, The—by D. Dana Price ..... Sept. GES 8, Oct. GES 10
Another look at the Uni-Plant concept—by R. M. McIntyre ..... April 122
Architect's viewpoint on total energy, An—by Zeb Rike ..... June 103
Blueprint for the future for gas-fired total energy systems—by S. Orlofsky ..... June 106
Canada's 'school-in-the-round' features total energy concept—by Gordon Campbell ..... Jan. 121
'Do-all' power system for shopping center—by Elton Sterrett ..... Feb. 114
Estimating the economics of on-site generation— by Robert W. Chapin ..... July 106
Forty-eight apartment housing complex energized by Uni-Plant ..... July 104
5860 apartments are fueled by all-gas power plant ..... June 110
Gas conquers a hard-to-handle heating-cooling job ..... Aug. 110
Gas fires snow-making machine—by V. B. Thompson ..... Dec. GES 10
Gas energy helps make carpets—by Bob Eklund ..... Dec. GES 3
Gas power in the desert—by Elton Sterrett ... Oct. GES 3
Gas turbine energy system powers the Gas Pavilion—by Howard C. Daudet ..... May 113
Market potential of gas prime movers for air compressor drive—by M. E. White ..... Sept. GES 14
Modular total energy systems in operation—by J. Fred Ebdon ..... Jan. 107
Multi-purpose refrigeration plant serves modern bakery—by Robert C. Dannenberg ..... July 101
New energy systems for building services—by Ron Meschino .. Jan. 112, Feb. 107, Mar. 127, April 118
Six hundred and twelve infra-red heaters warm galvanizing mill ..... Jan. 118
Small gas turbines prove out ..... Feb. 112
Space center marks new energy concept ..... March 131
Total energy goes total air conditioning ..... Nov. GES 14
Total energy in Vancouver—by E.T. Nesbitt ... Aug. 103
Total turbine energy in refrigeration cycles—by S. T. Robinson and J. W. Glessner ..... April 111
Turbine-powered package starts one-year test in Phoenix ..... March 136
Utilizing gas engine total energy—by George M. Long ..... Nov. GES 3, Dec. GES 6
World's largest gas heat pump air conditions shopping center ..... Sept. GES 3, Oct. GES 6

GAS ENERGY NEWS

Algas Industries moves into new total energy plant ..... March 138
AGA produces film on gas-fueled prime movers .. June 113
AGA sponsoring three week-long total energy schools ..... May 122
American Meter plant switches to total energy .. June 112
Beach city to have West Coast's 1st total energy high-rise apartment ..... June 116
Central gas fueled services facility will air condition vast Century City project ..... Oct. GES 16
Central Plants will air condition 3000 retired families in Friendly Valley ..... June 113
Construction launched on California's 1st total energy office building ..... Oct. GES 14
Energy contract pays off for apartment builder .. April 126
Engines installed in West's first high-rise, total energy apartment ..... Sept. GES 16
Engine standards cover total energy systems ... Jan. 122
Equitable to sell hot, chilled water ..... Sept. GES 16
First West Coast high-rise GES apartment building ..... May 8
Gas central plant to heat and cool college residence halls in California ..... July 114
Gas installation planned for industrial complex ..... Nov. GES 16
Hockey rink has total energy installation ..... Feb. 118
IGT breaks ground for new building and total energy installation ..... Jan. 122
LP gasmen told to get in on total energy field .. June 117
Milwaukee's new center is total energy installation ..... May 122
New university will feature latest energy package ..... July 117
NI-Gas Energy Inc. gets Illinois okay ..... Oct. GES 16
On-site energy to be used in Oklahoma university ..... April 126
On-site gas-fired power runs Kansas apartment .. May 124
SoCal and AiResearch show new energy package. July 117
'Thermobank' heat storage unit may have total energy application ..... July 116
Total energy ammonia plant planned by NI-Gas. April 126
Total energy study issued by AGA ..... Jan. 122
Tractor dealer runs shop with on-site generation system ..... Aug. 113
Unique equipment supplies hot and chilled water to WNG's new building ..... May 126

GENERAL ARTICLES

New approach to positive temperature control of gas water heaters—by C. D. Coffey and R. D. Solomon .....Nov. 74
Qualco uses gas for precision casting of aluminum .....May 73
Solving high flame operation of gas lights—by D. Eaton .....Nov. 126
Young ideas in South Jersey .....Nov. 90

TRANSMISSION, STORAGE, PRODUCTION

Applying thermoelectric generation to cathodic protection—by Robert E. Hodge .....Oct. 108
Application of brazed aluminum heat exchangers in natural gas processing—by W. H. Stahlheber .Dec. 62
Automation of a gas compressor station—by B. S. Simon and J. B. Vraspir .....Feb. 90
Big sea battle, The—by W. H. Krammes .....Feb. 96
CIG's measurement lab serves company and associates—by John Light .....July 89
Closing the measurement gap:
7. Data reduction—by L. J. Kemp .....Jan. 53
8. Electronic scanning and averaging—by W. M. Moore .....March 113
9. Steps toward development of a chart reader —by P. T. Persons .....April 70
10. From the pitfalls of manual calculations to the sophisticated computer—by Robert W. Davis .....May 88
Constructing and operating gas systems in the Far North — by Arthur Allyne and J. A. Stewart .....Sept. 66
Custom-made for West Virginia — by J. F. Skinner .....Sept. 76
Designing sales measuring and regulating stations—by T. Z. McDaniel .....July 72, Aug. 76
Determining hydrogen sulfide and total sulfur content—by William A. Garratt .....Jan. 74
From here, where!—by P. S. Lemley .....March 118
Infra-sonic effect of liquid separation in gas pulsation dempeners—by W. S. Everett .....June 72
Joint effort produces compact gas compressor set.Oct. 113
LNG nears debut in England .....Feb. 72
Liquid methane's metal: 9% nickel steel — by R. S. Petsinger .....Oct. 65
Looking inside reciprocating engines in service— by F. Vinton Long .....March 109
New compressor station is all automatic, remote-controlled—by Donald E. Anderson .....May 84
New pipeline opens Arkoma basin .....Sept. 80
Operating engine compressors in the Far North —by James R. Drum .....Nov. 96
Panel discusses pipeline turbines .....April 86
Plastics pipe proven in the gas patch—by Robert Eklund .....March 82
Report on AGA Manual for the determination of supercompressibility factors—by Pat H. Miller.May 128
Simplified approach to digital telemetering—by B. C. Joyce .....Aug. 86
Something new in watching turbine blades from the inside—by F. Vinton Long .....April 62
Storage measurement station design—by Jon O. Loker .....Jan. 43
Texas Eastern Transmission Corp. .....Aug. 55
Thermoelectric generator protects remote Montana pipeline—by David P. Price and Robert Schwede .....July 83
Ton-mile estimates for the natural gas industry —by M. H. Sonstegaard .....June 87
Underground storage on the line — by Glenn Dippon .....May 78
You can't coat pipelines in a class room—by Karl S. Hagius .....Feb. 98
